

# 2015 Annual School Performance Report

## CK > Alternative East High School

7050 Tibardis Road NW • Bremerton, WA 98311

(360) 662-2870 • [www.ckschools.org](http://www.ckschools.org)

## Welcome to Alternative East High!

Principal Jeremy Monroe

Our district's mission is to equip our students with the knowledge and skills to succeed and prosper in an ever-changing global society.

Alternative East High School's primary concern is the individual student. Our school was created and is structured specifically to serve students whose educational needs may not be matched by more traditional high school programs.

Due to the complex nature of our population, we work with each student on an individual basis. We have established a tradition of cooperation, appropriate classroom behavior, and pride in accomplishment.

We are continually enlisting the help of staff and volunteers to monitor students who lack home support. To help at our school, please call (360) 662-2570. We invite you to join us!

## About our school

Alternative East High School has a three-year program that offers the basic courses required for graduation.

Our campus is located in a building on the Olympic High School campus. The school has two classrooms and an administration area.

We offer courses in art, reading, math, science, English, social studies,

PE and fine arts. Occupational classes and electives are also offered, as well as parenting classes to serve teen mothers and fathers.

Our school hours are 7:30 a.m. to 3:00 p.m.

Alternative East High School is proud to offer another option for students to meet the requirements for earning their high school diploma.

## Success for all students

Alternative East High School is continually adjusting, enhancing and making additions to the course offerings and services available to our students. After analyzing information gathered from assessments and standardized test results, we add courses and lessons to enhance performance areas in need of improvement, including reading, writing and math. We also add services to help students overcome situations that have had a negative influence on their academic success.

Our school continues to help students prepare for and meet the requirements of the High School Proficiency Exams

(HSPE), Smarter Balanced Testing (SBA), and End of Course math and science exams (EOC). Our goal is to help students learn strategies to be successful on the HSPE/SBA/EOC in reading, writing, math and science.

With the increasing demands of student achievement testing, our program has focused on improving students' academic skills. This focus on improving student learning is reflected with improved test scores and more students meeting the standards. Our staff continues to assess their students' learning and align their training to better meet the needs of a unique student population.

Want to learn more? Detailed reports on individual schools are available on the Office of the Superintendent of Public Instruction (OSPI) website. Reports include demographics, progress over time, gender, ethnicity, and special program information. Visit <http://reportcard.ospi.k12.wa.us>.

The CKSD 2014-15 per-student expenditure of approximately \$10,837 included \$7,714 for "basic education" and \$3,123 for "categorical" programs. Our annual budgets are always available on our website at [www.ckschools.org](http://www.ckschools.org). Go to *District Business > Budget*. Go to *District Info > Budget Information*
