Welcome to CK High!

CKHS has high academic performance expectations for ALL students. We believe that all students are capable of performing at high levels, and we provide the support to help them reach these expectations. Our staff works hard to help students understand that effort and attitude are determining factors of academic achievement.

Our School

Central Kitsap High School is a four-year comprehensive high school on a forty-acre campus. CKHS currently operates on a six-period day, allowing students flexibility to explore a variety of courses.

With the passage of the bond in February 2016, planning for a new facility is now underway. Design development will take about 18 months. Construction is scheduled to be completed in the summer of 2019.

Success for All Students

We use a team approach to school improvement planning. The 12-member team includes representatives from each department and subject area who meet monthly throughout the year.

Staff analyzes current data and works toward teaching strategies with all students in mind. WCAP scores, SAT/ACT results, AP testing, discipline and attendance data are reviewed by staff members in small and large groups. Observations and narratives are crafted to formulate goals. You may view the results of our 11th grade state assessments online at <http://reportcard.ospi.k12.wa.us>, or request a comprehensive profile by calling our Counseling Center at (360) 662-2440.

Our growth initiatives focus on three themes: improving student engagement, improving the academic performance of under-represented populations, and making significant strides in technological advancements for teaching and learning. Significant progress toward these initiatives has been realized and continues.

State Testing Results

Each year, we look at our student performance data on multiple measures, and design our School Improvement Plan to target identified areas of need. You may view our school's plan at CKHigh.CKschools.org > Info > About > School Performance.
