Welcome to Klahowya!

Klahowya continues to focus on creating a community of connected learners. Thanks to the work of our feeder elementary schools and Klahowya's dedicated teaching team, we continue to make substantial gains on state and national assessments.

Our School

Situated on an 80-acre wooded site, Klahowya Secondary School opened in 1997. Beginning in the 2016-17 school year, we welcomed sixth grade students to our school, making Klahowya the only 6-12 school in the district.

With the passage of a bond in 2016, we are building an addition that includes classroom spaces, an auxiliary gym and a second music room.

Success for All Students

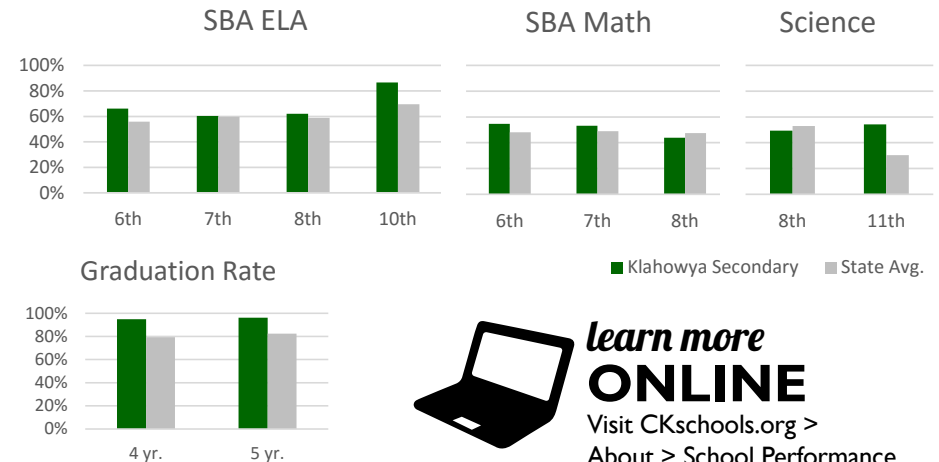

We pride ourselves on consistently improving academic performance. Our ability to help students reach their goals begins with our small campus size, which helps us build strong relationships with students and parents. Our size and grade span also allow us offer individualized programs for students, so we can work together to achieve our goals.

In order to improve the academic performance of all students, the Klahowya Improvement Team evaluated data and created the following goals:

- ▶ Use technology to increase community engagement
- ▶ Improve student engagement and literacy in all content areas
- ▶ Collaborate in a multi-disciplinary approach to minimize confusion in student expectations between disciplines
- ▶ Use Professional Learning Communities to improve student academics in all areas

State Testing Results

Each year, we look at our student performance data on multiple measures, and design our School Improvement Plan to target identified areas of need. You may view our school's plan at Klahowya.CKschools.org > Info > About > School Performance.
