Welcome to Olympic High School!

Our district's mission is to equip our students with the knowledge and skills to succeed and prosper in an ever-changing global society.

As a school, our school's emphasis is on the principles of rigor, relevance, respect, and support to enhance student achievement. We are committed to

ensuring all students have the opportunity to take advanced and challenging classes.

In addition to our quality academic program, our Career and Technical program prepares students for careers and the world of work. Strong activities and athletic programs ensure all students

are provided a rich, well-rounded experience during their high school years.

We enjoy the volunteer services of many parents and community members. Please join us in providing a quality education for students by calling our office at (360) 662-2700.

About our school

Olympic High School is home to a diverse student body of approximately 1,100 students in grades 9 through 12. We opened in September of 1979 and is accredited by the Northwest Accreditation Commission.

Olympic currently operates on a six-period day and offers a wide variety of courses to serve our students' needs. We offer a modified schedule two days per week to accommodate a 47 minute

Advisory or Tutorial period each of those days.

With the passage of a bond in 2016, construction for a new facility is now underway and is scheduled to open fall 2018. The center portion of the high school was demolished to make way for technical education classrooms, library, auditorium, and commons area.

Olympic High School fosters a supportive, safe and positive climate in which staff, families, volunteers, and students work together to maximize achievement for all.

Success for all students

Our School Improvement Plan is focused on increasing the percentage of students meeting state standards. While percentages change from year to year based upon student cohorts and revisions to the test, we continue our work ensuring students learn the state standards and can demonstrate their proficiency. You may review the results of our students' state assessments online at <http://reportcard.ospi.k12.wa.us>.

Our Advanced Placement (AP) and honors programs raise standards in all classes to ensure students have a rigorous course of study. Many students are taking AP classes and exams to earn

college credit. Enrollment in AP courses and the percentage of students taking the AP exam increased significantly. Our honors program provides challenging opportunities for sophomores.

Our school programs provide students a full range of quality learning experiences inside and outside the classroom. We also provide guidance, academic support time, and assistance for our students during the school day.

Good attendance is a great way to promote success in school. During the 2016-17 school year, our daily attendance rate was 88.36 percent.

Want to learn more? Detailed reports on individual schools are available on the Office of the Superintendent of Public Instruction (OSPI) website. Reports include demographics, progress over time, gender, ethnicity, and special program information. Visit <http://reportcard.ospi.k12.wa.us>.

The CKSD 2016-17 per-student expenditure of approximately \$12,417 included \$9,669 for "basic education" and \$2,748 for "categorical" programs. Our annual budgets are always available on our website at CKschools.org. Go to *District Business > Budget*.
