Welcome to PineCrest Elementary!

2016 WINNERS

WASHINGTON ACHIEVEMENT AWARD

PineCrest was recognized for closing the achievement gap among Hispanic students. This is the second year in a row PineCrest has earned a Washington Achievement Award.

Our district's mission is to equip our students with the knowledge and skills to succeed and prosper in an ever-changing global society.

PineCrest's mission is to empower our students with the desire and tools to be lifelong learners and contributing citizens. Our dedicated staff is committed to creating a safe and caring place for students to achieve. We believe that all

children are capable of success, with no exceptions! In collaboration with a supportive school community, we strive to perpetuate our students' academic and personal growth.

PineCrest welcomes your involvement and invites you to join with us in providing a strong educational program for our students. To volunteer, please call the school office at (360) 662-9200.

About our school

PineCrest Elementary opened in 1998. We served 425 students in preschool through sixth grade during 2016-17 school year. Our building is used for student instruction between 8:20 a.m. and 2:35 p.m., except Thursdays when students are dismissed at 1:05 p.m. We have a before and after school daycare program that is sponsored by the YMCA and an ECEAP program. PineCrest is a two-story building, with the library

located in the center as the resource center for our students' learning. Last year, there were 21 K-6 classrooms, a special education preschool, gym, library, music room, and various small office spaces for staff, students and our PTA. Our experienced staff is committed to collaboration and ongoing professional development.

PineCrest Elementary is recognized by the state as a School of Distinction, an honor reserved for the top five percent of improving schools in the state.

Success for all students

Each fall, we review the results of the state test called the SBA, "Smarter Balance Assessment." Students are tested in reading, writing, math and science. You may view our results online at <http://reportcard.ospi.k12.wa.us>.

We consider these results, as well as a variety of other data, to see how our students performed. Using this information, we review and refine our School Improvement Plan. Our goals are to ensure the academic and social growth of each child. Literacy and math are always emphasized. We also set goals in the areas of science, diversity, parent

engagement, and technology. Extended learning opportunities are provided to students needing extra support in reading and math. These learning opportunities are provided in a variety of venues by our instructional staff, our learning specialist, and the principal. We will continue to analyze our students' achievement indicators to guide further improvement efforts.

Good attendance is a great way to promote success in school. During the 2016-17 school year, our daily attendance rate was 93.59 percent.

Want to learn more? Detailed reports on individual schools are available on the Office of the Superintendent of Public Instruction (OSPI) website. Reports include demographics, progress over time, gender, ethnicity, and special program information. Visit <http://reportcard.ospi.k12.wa.us>.

The CKSD 2016-17 per-student expenditure of approximately \$12,417 included \$9,669 for "basic education" and \$2,748 for "categorical" programs. Our annual budgets are always available on our website at CKschools.org. Go to *District Business > Budget*.
