

Silverdale Elementary School

9100 Dickey Road NW • Silverdale, WA 98383
(360) 662-9400 • <http://silverdale.ckschools.org>

Welcome to Silverdale!

We provide quality programs for our students and create supportive partnerships with our parents and school community. Successful students have great character. Our students learn about pillars of character through our Character Counts program.

During the course of a year, students learn about trustworthiness, respect, responsibility, as well as they learn about being caring and how to be excellent community members through citizenship. Partnerships with parents are important to us because students are most successful when we take the “village” approach to education.

Our Mission

Silverdale Dolphins are Respectful,
Responsible and Ready to Learn.

Our School

Silverdale Elementary opened in 1979 and underwent a major remodel during the 2015-16 school year. After spending a year at “host schools” students were excited to return back to our building for the 2016-17 school year.

We have two district-level programs and two to three classes per grade level (K- 5). The original building has 21 classrooms, a multipurpose room, a gym, a stage, a learning center, speech and language rooms and other offices, the office (including the health room), and our library.

Success for All Students

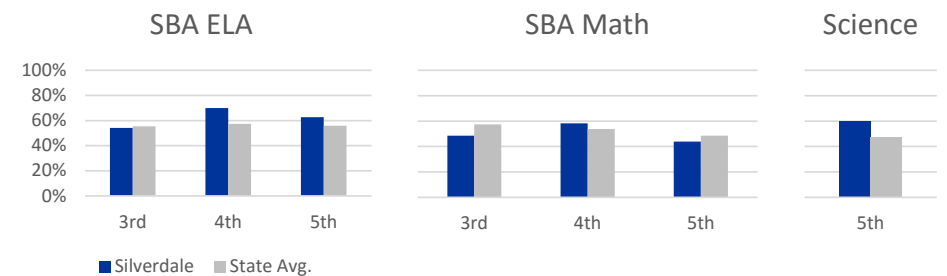

Silverdale’s staff is committed to the success of each of our students. Our school improvement plan is focused on specific goals in reading, writing, mathematics, science, diversity and family and community involvement. The focus in each of our classrooms is to provide instruction in the basic skills in reading, writing, math, social studies and science and to provide expansion, exploration and remediation opportunities for each student.

Connecting with families is important to our students’ success, so we provide regular updates on learning progress, homework and behavior. We emphasize the need to honor and support each family’s unique cultural experiences.

State Testing Results

Each year, we look at our student performance data on multiple measures, and design our School Improvement Plan to target identified areas of need. You may view our school’s plan at Silverdale.CKschools.org > Info > About > School Performance.
