

2017 Annual School Performance Report

CK Silverdale Elementary School

9100 Dickey Road NW • Silverdale, WA 98383

(360) 662-9400 • <http://silverdale.ckschools.org>

Welcome to Silverdale Elementary!

Our district's mission is to equip our students with the knowledge and skills to succeed and prosper in an ever-changing global society. We live out that mission by providing quality programs for our students and creating supportive partnerships with our parents and school community. Successful students have great character. Our students learn about pillars of character through our Character Counts program. During the

course of a year, students learn about trustworthiness, respect, responsibility, as well as they learn about being caring and how to be excellent community members through citizenship. Partnerships with parents are important to us because students are most successful when we take the "village" approach to education.

Don't be shy—get involved! We certainly welcome the opportunity to partner with you. To volunteer, please call us at (360) 662-9400, and we'll help you get started.

About our school

Silverdale Elementary opened in 1979 and underwent a major remodel during the 2015-16 school year. After spending a year at "host schools" students were excited to return back to our building for the 2016-17 school year.

We have two district-level programs and two to three classes per grade level (K-5). The original building has 21

classrooms, a multipurpose room, a gym, a stage, a learning center, speech and language rooms and other offices, the office (including the health room), and our library. overflow classrooms.

Silverdale Elementary was remodeled thanks to CKSD voters who approved the 2011 Capital Projects Levy. The building reopened fall 2016.

Success for all students

Silverdale's staff is committed to the success of each of our students. Our school improvement plan is focused on specific goals in reading, writing, mathematics, science, diversity and family and community involvement. The focus in each of our classrooms is to provide instruction in the basic skills in reading, writing, math, social studies and science and to provide expansion, exploration and remediation opportunities for each student.

At the beginning of each year, our staff meets to analyze the state and district assessment data from the previous school year, and to collaboratively plan

successful learning experiences. You may review our results for the state test called the SBA, "Smarter Balanced Assessment" online at <http://reportcard.ospi.k12.wa.us>.

Connecting with families is important to our students' success, so we provide regular updates on learning progress, homework and behavior. We emphasize the need to honor and support each family's unique cultural experiences.

Good attendance is a great way to promote success in school. During the 2016-17 school year, our daily attendance rate was 94.07 percent.

Want to learn more? Detailed reports on individual schools are available on the Office of the Superintendent of Public Instruction (OSPI) website. Reports include demographics, progress over time, gender, ethnicity, and special program information. Visit <http://reportcard.ospi.k12.wa.us>.

The CKSD 2016-17 per-student expenditure of approximately \$12,417 included \$9,669 for "basic education" and \$2,748 for "categorical" programs. Our annual budgets are always available on our website at CKschools.org. Go to *District Business > Budget*.
