### Welcome to Woodlands Elementary!

Principal Amy Archuleta

Our district's mission is to equip our students with the knowledge and skills to succeed and prosper in an ever-changing global society.

Our school mission statement is, "Together we learn, laugh and grow." All of our goals are focused around this mission. It starts with a shared commitment to learning for all our students. This is a responsibility among teachers and staff, parents, and students. We all need to work together to achieve results.

Our success depends upon all of us working together. We invite you to join us anytime as we work to provide a strong education for our children. For information on volunteering at our school, for the PTA, or for district committees, please call us at (360) 662-9700.

### About our school

Woodlands Elementary School opened in 1981. During the 2014-15 school year, we served approximately 460 students. Our building has 23 classrooms (K-6) and is open from 8:30 a.m. to 4:30 p.m.

The main building has a gym, library, classrooms in pods, special education rooms, music room, computer lab, speech/language room, health room,

staff work rooms, and an office/administrative area. The three instructional pods each have six classrooms. A portable building with two rooms contains childcare and a preschool. Adjacent to the building are a covered play area, a playground, and athletic fields. Woodlands is also the home of the district's deaf and hard of hearing program for elementary students.

At Woodlands, all staff are committed to every student's academic and social growth.

### Success for all students

In the classroom, our focus is on meeting the challenging goals of:

- ▶ building relationships that support learning
- ▶ developing skills and knowledge of concepts
- ▶ engaging all students in relevant, high quality instruction
- ▶ providing instruction that has a real-world connection

Each fall, we review the results of the state testing called Smarter Balanced. Students are tested in ELA and math. Fifth graders take the MSP Science test. You may view our results online at <http://reportcard.ospi.k12.wa.us>.

As a staff, we use these results—and other state, district and school assessments—to target instruction. We provide struggling students with academic interventions during the school day which are designed to meet each child's needs.

Linking our families and the community to Woodlands is very important to student success. Teachers provide families with information about their child's learning, homework, and behavior. Good attendance is a great way for families to promote success. During the 2014-15 school year, our daily attendance rate was 91.9%.

Want to learn more? Detailed reports on individual schools are available on the Office of the Superintendent of Public Instruction (OSPI) website. Reports include demographics, progress over time, gender, ethnicity, and special program information. Visit <http://reportcard.ospi.k12.wa.us>.

The CKSD 2014-15 per-student expenditure of approximately \$10,837 included \$7,714 for "basic education" and \$3,123 for "categorical" programs. Our annual budgets are always available on our website at [www.ckschools.org](http://www.ckschools.org). Go to *District Business > Budget*.
