

## Videos To Supplement Science Kits

<b>GRADE:</b>	<b>Kit Title:</b>	<b>Directly Related</b>	<b>Somewhat Related</b>
<b>K</b>	<b>Wood and Paper</b>		Do it Yourself Science (01312)
<b>K</b>	<b>Organisms</b>	Characteristics of Animals (01044), All about plant and animal interdependency (00773), Ants (01489)	Do it Yourself Science (01312), All about caring for plants (00772), Magic School Bus. Bugs, bugs, bugs (01015), Life forms, animals, and animal oddities (00120), What do seeds do? (00631)
<b>1</b>	<b>Balance &amp; Motion</b>	Gravity (00821), Motion (00043), Motion & Sound (01050), All about motion & balance (00266)	Buoyancy (00045), Flight (00827), Body in Motion (00064)
<b>1</b>	<b>Weather</b>	Water Cycle (00810), Atmosphere (00811), Water and weather (00115)	Climates (00812), All about weathering and erosion (00003)
<b>2</b>	<b>Soils</b>	Rocks and Soil (00023), All about Soil (00004)	All about rocks and Minerals (00005), Rocks & mineral series (01399), What do seeds do? (00631)
<b>2</b>	<b>Butterflies</b>	Life cycles (01306), Butterfly basics (00806)	All about plant pollination fruit, flowers, & seeds (00741), Magic School Bus. Bugs, bugs, bugs (01015)
<b>3</b>	<b>Changes</b>	Chemical Reactions (00046), All about solids, liquids & gases (00262), Changes in properties of matter (00778)	Evolution (00825), Phases of matter (00823)
<b>3</b>	<b>Sound</b>	Communication (00038), Sound (00337), Waves (00824), All about sound (00261), Sound: what's an echo (00599)	Motions & Sound (01050)
<b>4</b>	<b>Ecosystems</b>	Water Cycle (00810), Atmosphere (00811). Ecosystems and habitats (01051)	Deserts (00030), Climates (00812), What do seeds do? (00631)
<b>4</b>	<b>Land &amp; Water</b>	Water Cycle (00810), Atmosphere (00811), All about Land formation (00001)	Rocks and Soil (00023), Erosion (00041), Earth Science (01432), All about weathering and erosion (00003), Plate tectonics (00623)
<b>5</b>	<b>Variables</b>	Do it Yourself Science (01312), Simple Machines (00822), Flight (00827)	Chemical Reactions (00046)

## Videos To Supplement Science Kits Cont'

GRADE:	Kit Title:	Directly Related	Somewhat Related
5	<b>Reading the Environment</b>	Rocks and Soil (00023), Archaeology (00826), All about Fossils (00002)	Dinosaurs those big boneheads (00217), All about rocks and Minerals (00005), Rocks & mineral series (01399)
5	<b>Human Body</b>	Blood & Circulation (00044), Cells (00035), Heart (00815), Respiration (00034)	Atoms (00334), Biology (01431), Bones & Muscles (00037), digestion (00042), Genes (00814), Genetics (01435), Medicine (01433), Nutrition (00336), All about the Brain (00273), All about health & hygiene (00776), Human Body Series (01133), All about nutrition & exercise (00271)
6	<b>Motion, Forces, &amp; Energy</b>	Energy (00031), Friction (00820), All about the transfer of Energy (01031), All about the conservation of Energy (01029), All about the uses of Energy (01028), Motion, energy, and force series (01393)	Simple Machines (00822), Forces (01047), What is Energy (01027)

These videos include Bill Nye the science guy (which I watched most of them) and some videos that I found doing a search on HIP. In parentheses is the call number you can use on HIP to find more information and you can use the number to reserve the video through the Media Library.

If you have any questions please do not hesitate to call or e-mail me.

Kim San Fellipo
